U. S. NAVAL STATION, BEFORE VERY.

Thirteen guns at the lowering of the
flag of Rear Admiral Samuel W. Very,
at noon yesterday, was the signal for
the transfer of the command of the
United States Naval Station here to
Captain Corwin P. Rees.

There were a great many people
around to observe the brief ceremony
and a procession of U. S. Marines pre-
ceding the change of commandants
was the greatest occurrence of the
kind since the Big Four were here and
the marines of that famous squadron
made the esplanade ring with their
tread.

The Hawaiian band headed by Cap-
tain Berger, marched before and in-
spiring patriotic airs led off the day's
event.

The march of the Marines from their
little white city, their spotless tent
town near the beach between the im-
migrant station and the sewer pump-
ing station, led those who watched
their progress to wish that there were
more of these sturdy chaps.

Entering the navy yard, they round-
ed the two-story headquarters and
lined up at the foot of the great pole
from the top of which was flying the
two-white-starred blue flag of the Rear
Admiral. When the flag had reached
the ground and the salute had been
fired, Admiral Very turned to Captain
Rees and congratulated him upon fall-
ing on so splendid a command as the
Hawaii Naval Station.

Admiral Very's carriage was waiting
to convey him to the Commercial Club
where he became the guest of honor
at luncheon. Captain Rees went with
him.

Before leaving the Naval Station the
Admiral addressed himself to Lieuten-
ant Commander J. F. Carter, com-
manding U. S. S. Itasca, Past Assist-
ant Surgeon C. G. Smith, Assistant
Paymaster B. H. Brooke and Pay Clerk
Thomas Dunn, saying he appreciated
their loyal work and thanking each
for his support and cooperation in the
duties of the station. The officers ex-
pressed regret at the parting and, in-
deed, it would be difficult to surpass
the retiring commandant in a just and
pleasant administration. The marines
stood at salute as Admiral Very and
Captain Rees drove away.

Admiral Very left last evening in the
Korea for the mainland, all the Naval
officers here being at the wharf to
wish him a pleasant journey.

Captain Rees' nennant now tips the
station's tall staff.

OPENING LECTURE
ON NEW THOUGHT

The New Thought, the awakening of
the subconscious self to know the full
power that is within each, dormant
through the ignorance of the possessor,
was treated by Mrs. M. Turman before
a large number of people at the Kilo-
haha Art League rooms last night, this
being the first of a series of lectures
dealing with advanced thought and the
development of the personality. The
lecture was based on ideas contained
within the Bible, but was not in any
sense a Biblical discourse nor in the
slightest one of creed or sect.

The idea developed by the lecturer
and presented as clearly as anything
could be that deals with the sub-ego
and the realm that lies without the
limit ordinarily placed on knowledge of
humanity, was that the limit of the
unattainable was non-existent and
that man is capable of realizing all
things, obtaining all things and know-
ing all things through the development
of the powers possessed by him. There
is nothing strange, nothing extraordi-
nary, nothing that can be done by one
which cannot be done equally well by
all. Education and effort can open the
door of each of the many mansions of
knowledge that are existent in each
and though the revealing of this inher-
ent knowledge one may be led to the
appreciation of the sixth or even the
seventh sense. Few people in one life
may reach this latter stage of com-
plete knowledge, however, the posses-
sion of which allows a sight of the
aura surrounding all objects and giv-
ing a certain insight into character
and thought.

Mrs. Turman explained that she had
first learned of her own subconscious
self some twelve years ago, after much
self-development, and had increased
her own knowledge since then, being
able in a simple way to explain to
others the New Thought and lead them
on to a more complete realization of
their powers. In the subsequent lec-
tures of her course she proposes to go
into the depth of the subject by de-
grees, leaving the more obtuse and dif-
ficult problems for later elucidation.

The lecturer was introduced last
night by Mrs. W. M. Graham, who af-
terwards presented a number of those
present.

MILLS SUES OUT A
WRIT OF HABEAS CORPUS

A petition for a writ of habeas cor-
pus was presented to Judge Lindsay
yesterday forenoon by Judge Quarles
on behalf of Harry T. Mills. Judge
Lindsay ordered the writ issued, di-
rected to County Sheriff Lauke, order-
ing him to have Mills before the court
at 2 o'clock in the afternoon, with a
return as to the process under which
he held Mills. At 2 o'clock all parties
were before Judge Lindsay, the
Sheriff being represented by County
Attorney Milverton. They asked for
more time to prepare a return, and the
hearing was continued until 2 o'clock
today. Mills was then released on his
own recognizance on motion of Judge
Quarles.

The petition for the writ declares
that the incident out of which the im-
prisonment grew was an attack made
on Mills by an opposing attorney, that
he merely defended himself, that there
is no judgment of a court to support
the mittimus; nor any statement of
facts on the record showing that a con-
tempt of court was committed; that an
appeal was prayed and refused; that
the mittimus first issued was destroyed;
and that the supposed mittimus under
which he is held is a feigned process.
